The loss scenarios are each based on a real case or claim and, although not all of them involved Hiscox insureds, they are illustrative of the losses media companies routinely experience. Stated loss and defense costs are either actual, based on public sources or authorized disclosures, or closely estimated. The types of claims illustrated generally fall within the initial scope of coverage afforded by the typical Hiscox media liability policy form, but whether and to what extent a particular claim would ultimately be covered depends on the specific policy wording and the actual facts relevant to the claim.
